

Culture Speak Out were asked to work in partnership with Karl and Pete from an organisation called Photosymbols based in Bristol this January. They are currently working on a project to promote positive images of Black and Minority Ethnic People with learning Disabilities in everyday activities.

The group were asked what issues were important to them and we said Employment, Health, and Transport

Before any Photos could be taken Sharon, Gurcharan, Kamaljit, Suryabala and Balwinder had to fill in a consent form agreeing to take part. Then they signed it to say they understood that the pictures will be used in various promotional literature nationwide.

Culture Speak Out have been given £150 for the hard work they have done. The group have decided to use this money to buy their own digital camera.

Photosymbols were so impressed by the work Culture Speak Out have done that the group has been asked to work on another project about Faith later in the year.
