

The positive outcomes of Positive Behaviour Support (PBS) being implemented in schools

Increased student satisfaction

(Lewis et al 2002)

Significant improvements in teacher morale

(Smith and Royal 2010)

Increased academic performance of students

(Horner et al 2009)

Academic engagement increased by 24%

(Putnam et al 2003)

Increased feelings of school safety

(Schneider et al 2000)

Enforced Isolation was completely eliminated

(George et al. 2013)

Physical restraints reduced by 99%

(George et al 2013)

Between 50-66% less behaviour incidents than national average

Spalding et al (2008)

School exclusions reduced by 88%

(George et al 2013)

Positive behaviour support is a whole school approach
